

CRAIGANTLER

The whist drive and dance at Fairview Mor school was fairly well attended. The prizes winners were ladies first Mrs Gus Anderson, second Mr Hughes of Standard, consolation Leslie Grant.

Step is Shift One
The step to a 100 per cent pool for the quarter million farmers of the Canadian prairies is a short one, he believed. A total of 45 per cent of the western farmers are present pool members. They enter a voluntary contract, but, "by altering the method of agreement from that of contract to that of allot, and by including the private

have a strong representation.
Judging from the willingness of
members to serve in any capacity
Strathmore No 16 is not only hold-
ing its own but well on the road
or another successful season.

Members will please observe
that Comrade E Sweatman has giv-
en notice that he intends to start
another war at the February meet-
ing. The uncharitable say he should
have finished the last one. He
warned and come armed to offset
his barrage of wit.

At the Annual Congregational Meeting of the United Church

four picked members of the
Canadian Mounted Police
will sail for Buenos Aires from
Winnipeg on February 21, according
to a dispatch received at Winnipeg.
They will be in charge of the Can-
adian Exhibit at the British Em-
pire Trade Fair and will in them-
selves be a splendid advertisement
for the Dominion.

large quota of the festive season poultry supplies this year end. Some 177,500 dressed poultry, making a total of 1,750,000 pounds, were shipped over the Canadian Pacific lines between December 5 and 20 inclusive. There were 30 loads from Manitoba, 22 from Saskatchewan and 16 from Alberta.

:O:—

Mr. Newlywed: "Is the streak already now dear?"

Mrs. Newlywed: "I'm sorry I'm long George, but it looked hope less, scullied and it doesn't look

Mr. Wood has consented to stand for reelection?" queried a delegate.

Winnipeg— Knowing perfectly well the difficulties he will meet

The meeting held in the school house on Saturday last was fairly well attended, Mr Pettinger, field man for the Pool, also Mr A C Smith of Rockyford were the speakers for the afternoon, Mr Pettinger's address was greatly enjoyed, and being of vital importance to me and all, at the present time, everyone was keenly interested in what he had to tell us in connection with the operations of the Heat Pool,

Mr A C Smith of Rockyford was

Deducting 13 shillings from the 99 shillings for the highest grades of wheat, the net return at the farm and to the grower is about 16 shillings. The average yield this year (1930) is about two quarters per acre. At 16 shillings a quarter, there is 32 shillings per acre. What does this mean? The number of farmers in the Wheat Pool is given at 131,728, with a total acreage of 23 acres at 32 shillings an acre is under wheat of 16,152,904. Say 123 acres under wheat to each farm—

THREE CORNERED BATTLE

—O—

The contracts are signed but the suitcases are not. That is the latest news in the heavyweight situation. A three cornered contest has been signed whereby Max Schmeling of Germany is to defend his title against W. L. C. Young of Strathmore in June with the winner to meet Primo Carnera, gigantic Italian, in September.

According to announcements the size and exact date of the striking belting bout have not been decided upon as yet. If the contracts are signed it is highly probable that such details as date and location have already been settled. The information, however, is being withheld for further publicity matter.

YOUNG PLAYERS SOUGHT BY PRO HOCKEY SCOUTS

—O—

Regimes. In these days, when professional hockey is holding the spotlight in the North American continent, the jump from amateur ranks to salaried company is being made almost daily by countless players, and to the average fan the procedure which must be followed by these players to attract the attention of the moneyed moguls receives no more than a passing thought.

But as insight into the way the big National League clubs pick up the "various" prospects, who are more youngsters, was provided by Joe Smith, formerly well known as Simon Pure ranks at Van Dusen, and now scout for Lester Patrick's New York Rangers.

Smith was asked just what class of players he was looking for, and what the Ranger moguls, Lester Patrick and Colonel Hammond, regarded as likely looking prospects.

The answer was somewhat of a shock when the scout stated that he athletes over 22 years of age with practically no exceptions, he wanted him in the least, it is young material that the Rangers are looking for, according to Smith.

In order to give a player a year or two with a "farm" club before joining the N. H. L. entry, the New Yorkers require boys around 19 years of age.

This makes the stars to be about 21 years of age when enter the "biggest" with about five or six years of first class hockey ahead of them. "The average life of a player in the N. H. L. at the present time is only around six years, strenuous is the game," said Smith, "so you can see how necessary it is to get youngsters acquainted with professional rules before the better part of their career has gone."

LANGDON

—O—

Mrs Catherine Jensen visited at the home of her son David at Seale last week.

A housewife in a Cayley visitor at present.

L. P. Lewis attended the Short Course at the University last week, also the most fair.

Mrs H. B. Burt was selected President of the United Church Ladies Aid.

At the annual meeting held January 15th Mrs. C. Jensen is Vice President and Mrs. G. B. Burt is again the Secretary Treasurer. It was planned to have a chicken supper Saturday evening, January 24th in the W. I. Rooms.

E. E. Eisenhauer of the Field Service Department and W. S. Morrison, delegate of the Alberta Wheat Pool were the speakers at a very good Wheat Pool Meeting held in Langdon last week on Wednesday.

More people attended the annual school meeting of District No. 225 held in the Town Hall January 17th. For many years, school matters have been of interest to school matters. Mrs. A. McNeil was selected a trustee for three years, succeeding herself. The Inspector's report to the teachers S. G. Boyce and Miss Marian Gordon were very satisfactory. A discussion as to whether it would be advisable to teach Grade 11 next year was held, and no decision reached.

Another delightful skating party was held at the city skating rink last night, the Hockey Club serving Hot Drinks and Coffee.

At the second "500" party of a series of six being held by the Young Men's Association, J. H. and David Hicks were the winners, and Mrs. M. Drake and J. W. Hume won the consolation prize.

—O—

"Weight also has a lot to do with the men's events are required by their employers to pick up. The average required by the National League is around 160 pounds, with exceptions in this regard being found far between, as a good physique is an absolute necessity for the strenuous play in the major league.

On the Springfield Club, in the Canadian Amateur League, who is the Ranger "farm" the average age is 22 years. With the white rule in effect, the standard must be maintained all along, an average of the boys now out on the minor league is around 160 pounds.

"Many Provincial teams are of the opinion that Smith is out to sign up players right away, but Joe wishes to explain this matter, inform those clubs with which he has come in contact during his stay in Saskatchewan that such is not the case, "I will not wreck my team in mid-season," said the scout, "and my present tour is merely to look over the athletes he added, however, that he may sign up a few next spring.

On Saturday morning Smith left Regina for the Coast, where he will spend a short season looking over the teams in the professional circuit on the Pacific seaboard. After that he will proceed east again, journeying to the Maritime, from there he goes and looks over the American League, International League and Canadian Amateur League teams before reporting back in New York to Lester Patrick previous to the Stanley Cup playoffs.

After the hockey season is over Smith will get together with C. Hammond and Lester Patrick and it is then that a decision will be made as to who will be offered contract, and who will not. All the prospects are watched up from various angles by the moguls, probably ten or twelve selected from the bunch who are looked upon as being promising prospects.

HEARD ON THE STREET

—O—

Lady: "Can you give me a room and bath?"
Trotty: "I can give you a room madam, but you will have to take your own bath, awful sorry but these are the managers orders."

Jones and occasion to regret that his wife, "I think, dear," he said solemnly, "that you fill a little too cozily."

"Well, I think it's a wife duty, as her response, 'to speak well of her husband occasionally.'"

The class was studying magnetism. Robert asked the professor, "How many natural magnets are there?"

"Two, sir" was the surprising answer.

"And will you please name them?" "Diamonds and brimstone, sir."

Butcher: "Excuse me, madam, but you haven't yet paid me for the turkey you had at Christmas."

Customer: "No, my husband agreed his visit so badly that he hasn't been able to write out your cheque yet."

Judge: "You are charged with being drunk and disorderly on Christmas Eve. What is your name?"

Prisoner: "Donald Angus Mc Lennan."

Judge: "Oh, and who bought you the whisky?"

The heavy sugar daddy and the new classmate were enjoying a little dinner in a private room at a restaurant.

As the waiter served the food, he cleared his throat and said: "Er, er, how about a little demi tasse now, my dear?"

"I know it! I know it!" exploded the girl, "I know you weren't treating me this side for nothing."

—O—

DALEMEAD

—O—

About fifty people attended the festive party held at the home of Mrs J. T. Chalmers last Wednesday evening. Soon after the arrival of the guests, the party engaged in a series of games of "500", keeping everybody busy for the greater part of the evening. A snack tray which caused considerable hilarity during that of the Hall the previous afternoon, and that of the Hall the previous afternoon. The trustees of the former for the coming year being Martin Van Der Velde, J. T. Chalmers, C. Condon and Ray Newton while those of the Community Hall are: J. M. Simpson, C. Colwell and J. H. Brown.

A number of special meetings were held during the week, namely those of the Community Hall and the High School. A large number well attended. The school meeting being held on Saturday afternoon, and that of the Hall the previous afternoon. The trustees of the former for the coming year being Martin Van Der Velde, J. T. Chalmers, C. Condon and Ray Newton while those of the Community Hall are: J. M. Simpson, C. Colwell and J. H. Brown.

A well attended Wheat Pool meeting was held in Dalemead early in the week. It was addressed by Mr. Morrison, the Pool's delegate for district E. A. and Mr. Brown, field man. The latter is a very capable and convincing speaker, and gave a fine review of some recent Pool history. Mr. Morrison giving a very complete report of the last League Convention.

The meeting was presided over by Martin Van Der Velde, and was attended by about 20 men. The local farmers are still taking a keen interest in their own business.

The Junior U. P. A. started their play, "Go Slow Mary," in the Community Hall last Friday evening, realizing some \$15.00 plus the proceeds from the dance held afterwards. The Juniors carried a long time on this, their latest presentation, and did very well. There being a very excellent and clever acting.

A Good place to buy your NEW Ford

We emphasize service equally with sales. It has always been our belief that a sale does not complete the transaction between us and the buyer, but establishes a new obligation on us to see that his car gives him service.

For that reason we have installed a system of free inspection service at 500 miles, 1000 miles, and 1500 miles by specially trained mechanics. Everything is free except the cost of new oil.

ANNUAL FINANCIAL STATEMENT and AUDITOR'S REPORT STRATHMORE S. D. 1587

THE PRINCIPAL'S REPORT

To the Ratepayers,
Strathmore S. D. No 1587

I have the honor to submit the following report on the operation of the Strathmore Schools during the year 1930.

School was open during the Spring Term 121 days and during the Fall Term 77 days, including the two days of the Teachers' Convention, this makes a total of 198 teaching days.

Two hundred and eighty pupils were enrolled, 107 boys and 171 girls.

The average daily attendance was 109.29 for the Spring Term and 158.83 for the Fall Term.

The classification of pupils was as follows:

Grade 1, 29; Grade 2, 13; Grade 3, 27; Grade 4, 13; Grade 5, 19; Grade 6, 11; Grade 7, 21; Grade 8, 19; Grade 9, 19; Grade 10, 19; Grade 11, 19; Grade 12, 19.

A total of 55 in the High School Grade.

Grade 13, 29; Grade 14, 13; Grade 15, 19; Grade 16, 11; Grade 17, 21; Grade 18, 19; Grade 19, 19; Grade 20, 19.

A total of 55 in the High School Grade.

The Subjects taught in the Public School and the number of pupils studying each are:

Arithmetic	16
Reading and Literature	16
Spelling	16
Composition and Grammar	16
Civics and History	16
Physical Training	16
Geography	16
Art	16
Writing	16
Hygiene	16
Nature Study	16
Music	16
Agriculture	16

In the Departmental Examinations held last June 19 pupils wrote the entrance examination. Examinations of the 11 passed Ted Schulze, Frederic Hilday and Andrew Gierrett obtaining honors. For the High School Examinations there were 44 candidates. This is the largest number ever writing from this school. Two hundred and eighty-nine units were attempted, credits being obtained in 208. The percentage passes was 76. This is considerably below the standard of the school and I am at a loss to account for such disappointing results. Honors were obtained by Louise Hower, Fred Brown and Jack Harris.

During the year there were three changes of staff. Mr. McKinnon, Mr. Stinson as Vice Pres. Mr. Cameron and Miss Hall replacing Mr. McKinnon and Miss Hall respectively.

With regard to extra school activities the School Fair, later the School Play, Spelling and Oratorical Contests have become firmly established annual events. High School play was staged in the Spring and the Third Annual School Concert took place in Christmas.

Statement of Receipts and Payments

INSURANCE

The property of the district is insured against: Buildings 1,242,000.00; Furniture and equipment 2,500.00; Library 1,500.00; The policies expiring January 2, 1932; May 22; February 12, 1932; Feb. 7, 1931; Feb. 19, 1931; Mar. 1932; Jan. 21, 1932.

H. GIBSON, Treasurer

The debtors indebtedness of the district being unpaid is NIL.

I have examined the above Financial Statement, to the best of my knowledge, believe the same to be true and correct.

January 19th, 1931. H. GIBSON, Treasurer

REMARKS OR RECOMMENDATIONS

Books are well kept and in very good order.

I hereby certify that the above information in accordance with the books and records of the Strathmore School District No 1587, of the Province of Alberta, and from information given to me by the same.

To be correct, I further certify that I have made a proper report in the back of the School District Cash Book.

Dated: January 19th, 1931. J. VAN TIGHEM, Official Auditor

Strathmore, Alberta

Due to the initiation of Mr. French and with the cooperation of Messrs. Stockton, Jones and Mr. Parland and their staffs the school for Public and High School pupils were enabled to make a series of trips to the Dept. of Natural Resources of the C. P. & S. Supply Firm and the Telephone Office. These trips concluded with a much appreciated visit to the Bassano Dam, conducted by Mr. Schutte.

As a result of last year's annual meeting a fund is being established to provide an annual awardship. This year the first disbursement of \$50 will be made to the school and for the first time some other educational establishment.

The School Board as in the past has in its efforts to encourage the children donated prizes for particularly good work at the school fair and for perfect attendance during 1930 there were perfect attendance. In addition the Board has for the first time awarded prizes for those obtaining honors at Departmental Exams.

Our interest in our young people should not cease when they leave school. Miss Gertrude Chamberlain, graduated as a B. Sc. in Natural Economics from the University of Alberta with very high standing. Mr. Arthur Lambert after a very successful year last year graduates from the University of Alberta.

James and Jack Crellin are teaching in near by schools. A number of our former pupils are attending Business College of Technical School in Calgary.

May I very sincerely thank the School Board and its Secretary for their unfailing courtesy, the Strathmore Chapter of the O. D. E. for its encouragement of our pupils, the members of the staff for the spirit of fraternalism that exists among us and be grateful and grateful for a large measure of co-operation.

I am firmly convinced that one of the major causes of unhappiness and dissatisfaction that exists in the world today arises from the young people undertaking work for which they are untrained, it is unfortunate that such of the work of the school is totally unimportant to the needs of many of our pupils. I can only do our best to the means at my disposal.

We have in our school a number of pupils of outstanding ability and it is our business to discover the latent talents of all the boys and girls in our charge and to encourage them such encouragement as training which will enable them to overcome their disabilities and in disabilities in the future.

I am your truly

J. H. CROWTHER, Principal

TRUSTEES' REPORT

The Trustees Report to the Ratepayers of the Strathmore School District for their annual meeting held on January 15th, 1931.

Those serving on the Board are Mr. J. A. French, Chairman; Mr. T. H. Wright; Mr. F. H. Young; Mr. T. L. Chamberlain; and Mr. A. V. McFarland.

The Officers appointed by the Board are Trustee Officer Mark Croft and Secretary Treasurer H. McGregor.

There have been twelve regular meetings and three special meetings held during the year and the attendance of the Trustees are as follows: Mr. French 15; Mr. Young 12; Mr. Wright 12; Mr. McFarland 14; and Mr. Chamberlain 10.

One of the special meetings was held at the school on April 22nd when all members of the Board were present and all improvements and repairs that were found necessary to be done were laid out.

The public school building was painted and the old well redrilled. All these extra improvements are fully paid for.

At the last annual meeting we presented that the committee in forming a school and Mr. French, Mr. Shrimpton and Mr. Croft were elected a committee to consider this matter.

The committee held their first meeting on June 15th, 1930 when it was decided that the Mayor of the Town, the Chairman of the School Board and the Principal of the school always act as a standing committee for this purpose.

The committee decided to cancel the various organizations in town and several people outside the town have contributed to the school fund and the following donations have been received: Town of Strathmore \$15.00; Canadian Land Strathmore Branch \$20.00; Strathmore Committee \$5.75; Strathmore Lodge A. F. & A. M. \$10.00; Strathmore School Fair \$10.00; Strathmore S. D. \$15.00; Mr. E. W. Beatty, President of the C. P. & S. \$10.00; The Committee Chapter O. D. E. \$15.00. The Committee is indeed very grateful to those who have contributed and laid the foundation of a fund that we hope in the years to come will grow to that it will enable us to give substantial assistance to deserving students who wish to further their education after they leave our schools.

The Strathmore School District is very fortunate in having at the present time a very efficient staff of teachers and although the Departmental Examinations this year did not quite come up to the very high standard of the previous year, our school still ranks as one of the best in the Town Schools of this province.

OPPORTUNITIES FOR HIGH MAJORITY THE COW

In the London Sunday Times of November 2, 1920 Hon. G. Howard Ferguson states with reference to the immigration of settlers into Canada that at the present moment saturation point has temporarily been reached. Such a pronouncement from an immigrant from a large part of the world at the moment of Britain's dependence for an outlet of population, with something of a "dull" sounding "dull." The reason for this attitude on the part of Mr. Ferguson and those for whom he may speak is, of course, that immigration schemes of the past have been entirely unsuccessful in the West and the placing of labor; and in their spare time many of the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

The community would thus be self-sufficient. There would be no need for the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

The community would thus be self-sufficient. There would be no need for the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

The community would thus be self-sufficient. There would be no need for the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

The community would thus be self-sufficient. There would be no need for the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

The community would thus be self-sufficient. There would be no need for the things that we customarily suppose must be made in factories, homes and shops, and even in the streets and the long industrial cities and the long night against people who have been the cause of the West.

Rockyford

The first meeting of the Rockyford Ladies Club for the year 1931 was held at the home of Mrs. C. J. on Thursday afternoon, January 15th. An extremely interesting paper on Belgium was given by Mrs. A. Cammer, this was dealt with as only one who lived in the country could do. Lunch was served by the hostesses after the meeting. The next assembly will be held at Miss Chie's room on February 12th. The club has recently added 35 new books to their library.

Nurse Rita Milon of the Calgary Sanatorium Nursing staff spent a few days last week visiting her cousin Mrs. B. Hoppe of Rockyford.

Mr and Mrs Herbert Black, Calgary, spent Sunday with his brother and Mrs. Black of Rockyford.

The Public School Hockey Team and the Intermediate team to visit on Friday last. The school team in their first playoff with the Intermediate team had a tied score of one to one, while the second encounter of the Intermediate resulted in a 2 to 1 win for Rockyford making a third game unnecessary as they also won the first.

The high school team went down to defeat at Nightingale on Saturday afternoon when a score of 3 to 2 was marked up against them. The third game will be played on Sunday.

ed on Thursday afternoon if the ice is sharp.

Don't forget the all talker screen drama "Journey" kind to be shown at the hall on Monday evening, January 20th, this picture is considered one of the best of its time.

Hobby Burns might be celebrated in Rockyford on Friday, January 24th, in the form of a dance. Piper and dancer from Calgary will entertain in the intervals. Support will be served by the Catholic Women's League and plenty of Hagers will be provided. Don't miss this event where everyone has the best time of the season.

The High School Hockey Team expect to go to Glenora on Saturday for a game with the team there. This will be the first time these two teams have met, and they are looking forward to a good game.

Mr and Mrs G. Goodwin are spending a few weeks with friends and relatives in Rockyford during the winter months.

Mrs. Dobson and son Roy have both been in Rockyford recently visiting with Mrs. Dobson's daughter, Mrs. W. P. Poiry.

compelled to borrow funds to carry them through this term. Numerous meetings were opened for the rescue of Mrs. A. McKenney's term being expired. Mrs. McKenney was again in the hands of the law, but no other nominations being made Mrs. McKenney was elected as trustee. Several discussions took place and lively interest was shown both in regard to the past term and the coming term, many suggestions were voiced. The building of a new school was discussed to some length and the final outcome was that the rate payers and school board agreed that with the present financial conditions this programme will have to be left for at least another year, or until conditions are better. The meeting was adjourned and the school board held a special meeting to appoint a chairman and secretary. Mr. McKenney was appointed as secretary-treasurer for 1931 and J. J. Colwell as chairman.

A public wheat pool meeting was held in the Women's Institute Hall, Sunday, January 18th. A fairly good crowd attended to hear what Mr. E. J. Elsenhauer of the field service department and Mr. W. S. Morrison, Alberta Wheat Pool had to say regarding future prospects of the wheat product. Much light was thrown on the past operations and the prospects of the future, by Mr. Elsenhauer, many doubtful conclusions were cleared up to the satisfaction of all, setting at ease many a farmer's worry and uneasiness. Through Mr. Elsenhauer's efforts and information the wheat pool members in Langdon district will feel more inclined to stay with the ship.

LANGDON SCHOOL
MIDTERM RESULTS
Grade X: C. Harris 75.5; B. Macomber 75; P. Barton 71.5; Z. McHugh 66; J. McHugh 64.5; R. B. H. 64.5
Grade 11: S. Brander 68; L. Linkhart 62; P. Miller 60; G. Peterson 62.5; A. Miller 52.5; L. Lowe 44.5
Grade VIII: M. Anderson 85.5; L. McHugh 81.5; J. Brander 78; L. Lowe 66.5; D. Webb 62

Grade VII: I. Anderson 84.5; L. Lowe 66.5; R. Webb 62.5; J. Brander 78; L. Lowe 66.5; D. Webb 62

Grade VI: M. Brander 82; J. Webb 82; K. Mac 54.5
Stanley Boyce, teacher
Grade V: Catherine Whiting 80; Josephine Miller 73.4; Robert Miller 67; Andrew McNeil 50; grade as all exams were not yet given percentage on 8 subjects 80.
Grade IV: Jean Webb 84.5; McNeil 75; Olga Linkhart 74; Mac Webb 61.5; Lora McNeil not graded, percentage on 1 subject 74.5
Grade III: Mela Linkhart 80; Mildred Hall 75.5; James Galt 75; Ruth Webb 72.5; Roger Stuart 71
Grade II: Aileen Brander 76; Mary Patti 71; David Hall 64; Grace Harris 64.5; Mary Jarvis; Anna Webb; Mary Patti; Norma Hall; Donald Webb; Marian Gordon, teacher

The Langdon sports club met together for their successful annual party Saturday night when nearly 150 skaters made merry until 1:30. Sandwiches and coffee were served to all after which singing was resumed until midnight. The weather man has been giving the breaks for outdoor entertainment this winter and the Langdon rink management are taking interest in about a dozen games played and a number more to start. Winter sport is getting a hard up in this district.

Teacher: Alfred you say you tell me what a snigger of Tommy. "Yes, man, it's a woman that borrows this

Alfred: "No, it's a boy."

That right now Tommy can tell me what a snigger of Tommy. "Yes, man, it's a woman that borrows this

Alfred: "No, it's a boy."
